

Advanced Iridology

This hands on full day workshop expands upon the content covered in ASRR's Introduction to Iridology workshop. Upon completion you will be able to perform more advanced iridology analyses as a tool to complement your reflexology treatments.

This workshop will cover: How to tell personality types from markings in the iris, the psychosomatic nerve wreaths and will expand on your report writing skills. You will receive a personalized iris photograph.

This Workshop is presented by Michelle Beever – Practitioner in Naturopathy, Reflexology, Iridology, Herbal Medicine and Nutrition. OHS First Aid and Cert IV Workplace Assessment & Training.
