

Australian School of Reflexology & Relaxation

Introduction to Iridology

This hands on 2 day workshop introduces students to some theoretical background, basic concepts and application of Iridology. Upon completion you will be able to perform simple iridology analyses as a tool to complement your reflexology treatments.

This workshop will cover: Definition and theory of iridology, analyses of the iris, how to use iridology in conjunction with reflexology. You will receive a personalized iris photograph.

This Workshop is presented by Michelle Beever – Practitioner in Naturopathy, Reflexology, Iridology, Herbal Medicine and Nutrition. OHS First Aid and Cert IV Workplace Assessment & Training.
